Derek Lincoln MA RPA is President and Principal Investigator at Bluestone with 10 years experience in archaeological research and cultural resource management. Educated internationally, he has two B.A.'s from the University of South Florida and M.A. from the University of Bristol in the UK.

Allan Morton PhD RPA is Vice-President at Bluestone with 25 years of cultural resource management experience and 10 years of business and project development. Educated at Cambridge University, he received a Masters in heritage management and Doctorate in prehistoric archaeology.

Marie Morton MA RPA is historic Principal Investigator at Bluestone with 25 years of experience in historic research and Oral Histories. With two BAs from UC Berkeley and MA from the College of William and Mary she specialized in historic research.

VALUE

- Solid record of on-time, on-budget archaeological projects
- Cumulative total of 60 years of archaeological experience
- Demonstrated responsiveness. No matter how busy we are, our first priority is to respond to your queries immediately and satisfy your requirements ASAP
- Demonstrated ability to complete projects both small and extremely large. Our facilities includes office, laboratory, administrative staff, graphic specialists, and professional field technicians
- We pledge that we will never be too busy to accept and complete your project

PAST PERFORMANCE

In the last few years alone, Bluestone has successfully completed many archaeological projects. We have completed 45 Stage 1 studies, 34 Stage 2 assessments, 18 Stage 3's and 10 Stage 4's. Bluestone's satisfied customers include Defence Construction Canada, Infrastructure Ontario, York Developments, DST Consulting, and Johnstone Home. Bluestone principals also completed projects for Drees Home, the Tridon Group, Gateway Engineers, Paciulli Simmons and Associates, ACI Group, Massey Energy, the US Army and the U.S. National Park Service.

COMPANY DATA

Bluestone Research Inc. is made up of an outstanding team of licenced professionals that specialize in providing archeological services to engineering firms, developers as well as Provincial and Federal agencies. We ensure trouble-free archaeological solutions.

We work with clients to enable development by creating the most effective strategy for archaeological compliance. Our excellent relationship with the Ontario Ministry of Tourism, Sport and Culture ensures your project is completed first time, every time. Our staff of cultural resource specialists includes Registered Professional Archaeologists who have worked on a wide variety of prehistoric and historic projects. We have completed hundreds of projects at all levels of investigation, from Stage 1 to Stage 4.
